# MD DASTGIR

## MERN STACK DEVELOPER & DEVOPS ENTHUSIAST

**Phone:** +91 7322072432 **Email:** mddastagir896@gmail.com **Location:** Shaheen Bagh, New Delhi

## CAREER OBJECTIVE

Passionate and detail-oriented Computer Science Engineering student specialized in full-stack MERN development (MongoDB, Express.js, React.js, Node.js) and modern Cloud/DevOps workflows (Docker, Kubernetes, AWS S3, CI/CD). Seeking an opportunity to leverage robust technical expertise to build scalable web applications, streamline deployment pipelines, and drive high-performance user experiences.

## TECHNICAL EXPERTISE

**MERN Stack Development**
MongoDB, Express.js, React.js, Node.js, RESTful APIs, JavaScript (ES6+), TypeScript, HTML5, CSS3/SCSS

**Cloud & DevOps Infrastructure**
Docker, Kubernetes (K8s), AWS S3, CI/CD Pipelines, Deployment Automation, Container Orchestration

**State & Architecture**
Redux Toolkit, Context API, Component-Driven Design, Async Operations, Axios/Fetch

**Tools & Version Control**
Git, GitHub, VS Code, Postman, Webpack/Vite, Core Web Vitals, Browser DevTools

## TECHNICAL & WEB PROJECTS

### E-Commerce Web Platform

**MERN Stack, Redux, Stripe**

- Architected a full-featured online storefront with product filtering, secure authentication, dynamic shopping cart, and checkout system.
- Managed structured relational/non-relational database models using MongoDB and Mongoose.

### Employee Management System

**React.js, Node.js, Express, Docker, MongoDB**

- Built an enterprise dashboard for HR operational tracking, handling real-time attendance, role-based access, and payroll records.
- Containerized the application environment using Docker to enable seamless development and consistent deployment.

### Developer Portfolio Website (Frontend Only)

**Frontend: React.js, Tailwind CSS, JavaScript, HTML5**

- Designed and developed a responsive, modern frontend portfolio showcasing technical projects with modular component structure.
- Optimized asset loading and layout performance to achieve sub-second page rendering and clean Core Web Vitals.

## EDUCATIONAL QUALIFICATIONS

| Degree / Qualification | Institution / Board | Year | Percentage / CGPA |
|---|---|---|---|
| **B.Tech (CSE)** | IEC College of Engineering and Technology, Gr. Noida | 2023 - 2027 (Expected) | 61.0% |
| **Class XII (Intermediate)** | Bihar School Examination Board (BSEB) | 2022 | 63.0% |
| **Class X (Matriculation)** | Bihar School Examination Board (BSEB) | 2020 | 57.8% |

## CORE COMPETENCIES & PROBLEM SOLVING

- **Computer Science Core:** Strong grasp of Data Structures, Algorithms, Web Architecture, and Async JS/Event Loop.
- **Analytical Skills:** Proficient in quantitative aptitude, algorithmic thinking, and debugging complex software issues.
